OFFICE OF THE FIRST MEMBER OF COUNCIL.

NOTE.

Dated. 2nd September *192* 9.

(1) The proposal to appoint a Deputy Amildar for the administration of the affairs of the Kalasa Temple, has been approved. The Deputy and Muzrai ~~Commissioners~~ Commissioners want the present Peshkar to be continued as the Deputy Amildar's Clerk. This arrangement involves unnecessary cost. There are one or two Shanbogs and they do clerical work. The need for keeping the Peshkar in addition is not clear. The Muzrai Commissioner may be asked to consider this point. The general lines of the work to be done by the Deputy Amildar have to be laid down and he should be requested to submit to the Deputy Commissioner monthly progress reports of work done. These observations may be added to the order to be issued.

Reports with ref to Cl 2, that a Temple officer of the status of a Dy. Amildar" is meant by him, and that he sees no objection to the designation of Peshkar being continued.

MS 1/10 18) Mr Rangaswami's statement that there is no objection to continue the designation of Peshkar is not clear. He was only asked to state whether the special post proposed should be one exercising the powers of a Dy Tahsr or status of a Dy Amildar. While stating that he may be of the status of a Dy Amildr, he has added that the designation of Peshkar may be continued. By he means that the special officer may be styled Peshkar with the status of a Dy Amildr, then

There will be 2 Peshkars, unless the existing Peshkar's designation is done away with and he be called a Clerk or ~~Peshkar~~ the ~~right~~ ~~name~~ ~~made~~ clear. The present Peshkar's work be done away with altogether

19) In the draft put up it was observed that the retention of the Peshkar for clerical work would be unnecessary & the Shanbhag may attend to this work. Agreed, and in case the new appointee is the called Peshkar, the existing Peshkar will have to go.

20) It is advisable for convenience whether Mr Somappa would accept the designation of a Temple Peshkar instead of calling him a Peshkar, he may be called Special officer for work in connection with the Kalasa Temple with the status of Dy Amildar

Agreed

21) The arrangement is temporary, to be sanctioned for a year. It is desirable to designate the official to be appointed as Dy Amildar in charge instead of 'the Peshkar'. He will, of course not exercise the powers of a Deputy Amildar in charge of a Taluk under the L.R. Code

SIR,

I have the honor to state that the affairs of the Kadur temple, Kadur District, are in a very unsatisfactory condition. The Peshkar of the temple is a very small paid servant and does not command sufficient prestige to be able to exercise any effective authority in regard to the affairs of the Institution, and there is a great deal of neglect as will be apparent by a reference to the extracts of notes of inspection submitted in connection with this temple. I have not been able to pay a visit to this temple recently. The First Member of Council who visited the Institution in the course of his tour in the Kadur District, has also observed the unsatisfactory State of affairs prevailing in the temple. He has also expressed that the present Peshkar who is a low paid employe has not got either the capacity or the courage to stand up for the interest of the institution and that it is desirable to have at the place a person who is uninfluenced by local factions and vested interests and who is competent to efficiently manage the affairs of the institution.

2. I have discussed the matter with the Deputy Commissioner. It is necessary to appoint some one who is entrusted with the Institution and above local influences to thoroughly overhaul the affairs of the institution. I beg to suggest that the Peshkar may be replaced by a Deputy Amildar temporarily for a period of one year, so that the affairs of the institution may be thoroughly overhauled.

Financial Department.

SIR,

With reference to D.O.No.154 dated 12th June 1929 forwarding notes of inspection of the Kalaseswara temple by the 1st Member of Council and in continuation of this office No.C.25 of 28-29 dated 6th November 1929 submitting a report of the action taken on the several points contained in the inspection notes, I have the honor to state that during my recent visit to the place, I arranged for the sale of 80 acres of coffee land belonging to the temple at the rate of Rs.100 per acre which is likely to fetch Rs.8000/-. The cash balance at the credit of the temple on 1st November 1929 was Rs.12714/0/10. The sandal revenue of the temple for the year 1928-29 has not yet been paid by Government. This item itself amounts to about Rs.6000/-. So besides the invested surplus of Rs.34,800 - which fetches yearly an income of Rs.2240-0-0 there is available to the credit of the temple about 19,000. The income for the year has not yet been recovered and while the expenses are being incurred so that by the close of the year the cash balance is likely to go up to about Rs.30,000/-

At present there is no place for the devotees that visit Kalasa during festive and other occasion to halt or even a few hours. To provide accommodation for such devotees is one of the lawful purposes for which the surplus funds of the Institution can be used. I therefore propose that Rs.5000 may be allotted out of the temple funds for the construction of a musafirkhana at Kalasa.

Another very important requirement of the town is the provision for the location of a veterinary hospital. The nearest veterinary hospital is at Bolpur which is several miles distant from the place. When the hospital for men was established in the place, a fraction of the cost of constructing the hospital building was borne from the temple funds. Following the same precedent I beg to propose that a sum of Rs.1000/- may be contributed from the temple funds for the construction of a veterinary hospital in the place. --- During my tour I was given to understand that there are several people living in the neighbourhood who wish to settle themselves in Kalasa and build houses of their own. This, if encouraged would considerably enhance the importance of the place and conduce to the bringing of more temple lands under cultivation and the ------ consequent increase of income to the temple. I beg therefore to recommend that loans may be granted to such of the settlers and local inhabitants as want to build houses subject to a ---- maximum of Rs.2000/- in any individual case with interest at Rs.6¼% on proper security, out of the temple funds to the extent of Rs.10,000. I request that Government sanction may kindly be obtained to the above proposals intended to improve the place and consequently ---- add to the importance and income of the temple.

SIR,

In continuation of this office letter No.25 of 29-29 dated 2nd December 1929 submitting certain proposals for the improvement of Kalasa town, I have the honor to submit herewith copy of letter No.A5, 299-29 dated 4th December 1929, together with all its -- -- enclosures received from the Deputy Commissioner Kadur District, -- submitting plans and estimates for the several works. I am not in favour of building quarters, for any other than resident temple post. All other quarters should be arranged to be constructed -- to yield a rent, so as to give 5% interest on our money invested, out of the temple funds.

I request that sanction of Government may be kindly --- obtained to the estimates submitted herewith after scrutiny by the Chief Engineer. Early orders are solicited.

It is forwarded to our letter No. 5/[illegible] dated 2nd --
December 1939, of Financial Secretary, copy of which has been
sent to me, I have the honor to request that in favour of --
following plans & estimates.

1. Chattarsal House Rs.4,620/-

2. Veterinary Hospital .. .. , 70/-
(One third cost of which has been
already agreed to be borne by
the District Board and one third
for the village chaukidars.)

3. As usual Garbar, there are required for temple
Cashier, Revenue Sherkaar and the Excise Assistant Inspector. Please
I would recommend, be put up at the places mentioned and rent out.
Plans and estimates of the three blocks are enclosed. Five
of the other residents of the locality that have come forward to
build houses on this or similar plan may be given loans as proposed
in your letter. I would even recommend the loans to be given at
3% and repayable in ten years provided the house are put up in
one case. Thus we will have a row of neat looking houses which
will considerably improve the appearance of the place.

After the plans are returned approved, I and the
Executive Engineer will proceed to Pilasa, fix the locations of
the several buildings and start the works.

With reference to your letter No.D.7424/C.S.63-29-2 of the 26th December 1929, I have the honor to state that I have discussed the matter with the Superintendent, Civil Veterinary Department. He is of opinion that Kalasa should be included among the places in which Dispensaries are to be opened during the coming year. The distance of Kalasa from the Taluk Head Quarters has been urged by the President, Kadur District Board, as well as by the Superintendent, Civil Veterinary Department, as a reason for opening a Dispensary at Kalasa. I do not consider this a very weighty reason, for buse run regularly between Mudigere and Kalasa. A much more weighty ground is the fact, that there are apparently obscure cattle diseases in the Kalasa area which require study on the spot and that it is further an area where rinderpest frequently prevails. On these grounds, I am inclined to agree with the President, District Board, that a Dispensary should be opened early at Kalasa.

Submitted to the Deputy Commissioner, Kadur District, Chickmagalur,.

Enquiries were made at Kalasa of the Dharmadarsis of the Temple in the matter. It was elicited that some years ago, it was proposed to convert the Rama Mandiram attached to the Temple as a Musafarkhana and that it was not approved by the then Dharmadarsis as the sanctity of the temple would be affected owing to the fact that it was adjoining the temple.

The Rama Mandiram referred to consists of only three rooms which are narrow and somewhat dingy. There is a verandah in front of it. The existing Dharmadarsis are also opposed to its conversion as a Musafarkhana. The space is inadequate and it is not practicable to convert it into a Musafirkhana. In the circumstances it is submitted that as already resolved by the Dharmadarsis and submitted a Musafirkhana may be built at the place selected by them, out of the Temple Funds, for the use of the pilgrims and travellers who resort to Kalasa.
